Subject: Revised Stormwater News Draft

Good morning Suzy and Fred!

Attached please find the revised edit of the first issue of Stormwater News incorporating MassDEP's edits and changes to the best of our ability while maintaining the two-page structure. Could you please review and then work through your office? We'd really like to try to get this as quickly as we can to allow time to advertise of our rescheduled GPS mapping training for May 31st. Do you think you could complete your routing and review process by the end of next week? Thanks so much for the help and look forward to your thoughts. Have a great day and weekend!

Take care,

Kristi
